

### **Rubbish is History**

So what will remain of us  
If we clean up the planet?  
Empty the landfills,  
Scrub the beaches?

If we clean up the planet,  
Render the oceans pristine,  
Scrub the beaches,  
Tidy the space junk?

Render the oceans pristine,  
Leave no messy trace,  
Tidy the space junk!  
But... rubbish informs the future.

Leave no messy trace!  
Empty the landfills!  
But... rubbish informs the future,  
So what will remain of us?
